

Biographical Data – 11/2019

M. "Saïid" Saïidi

Position:

Professor, Department of Civil & Environmental Engineering, University of Nevada, Reno (UNR)

Director, Center for Advanced Technology in Bridges and Infrastructure (CATBI), UNR, Distinguished Research Faculty, Department of Civil & Environmental Engineering, Natural Hazards Risk and Resiliency Research Center (NHR3), University of California, Los Angeles

Personal Data:

Married, two children

Office Address: Department of Civil & Environmental Engineering (258)
University of Nevada, Reno
Reno, Nevada 89557
Tel: (775) 784-4839 Fax: (775) 784-1390
E-Mail: saiidi@unr.edu
<http://wolfweb.unr.edu/homepage/saiidi/>

Research Interests

Earthquake engineering of bridges and buildings, large-scale concrete bridge component and system testing, field testing of highway bridges, analysis and design of reinforced concrete structures, application of advanced materials in earthquake engineering

Educational Record

Ph.D. in Civil Engineering (Structures), University of Illinois, Urbana, Illinois, 1979
M.S. in Civil Engineering (Structures), University of Illinois, Urbana, Illinois, 1977
M.S. in Civil Engineering (Five-year program), Tehran University, Tehran, Iran, 1973

Professional Experience

Professor, Department of Civil and Environmental Engineering, University of Nevada Reno, 7/88-Present (UNR-Foundation Professor awarded 8/97)
Director, Center for Advanced Technology in Bridges and Infrastructure (CATBI), 6/10-Present
Co-Director, University Transportation Center on Accelerated Bridge Construction, Florida International University, Miami, 1/14-Present
Visiting Fulbright Scholar, University of Buenos Aires, Argentina, December 2013.
Director, Office of Undergraduate Research, Office of Vice President for Research, University of Nevada, Reno, 8/03-6/09
Visiting Scholar, Civil Engineering Department, University of California, Berkeley, 1/99-2/99

Chairman, Department of Civil and Environmental Engineering, University of Nevada, Reno, Nevada, 7/86 - 6/94
 Associate Professor, Department of Civil and Environmental Engineering, University of Nevada, Reno, Nevada, 7/83 - 6/88 (Tenured 7/84)
 Assistant Professor, Department of Civil and Environmental Engineering, University of Nevada, Reno, Nevada, 8/79 - 6/83
 Research Assistant, Civil Engineering Department, University of Illinois, Urbana, Illinois, 1/77 - 7/79
 Lecturer (part-time), Civil Engineering Department, Tehran Technical College, Tehran, Iran, 1/75 - 5/75
 Structural Engineer (half-time), Nisaya Consulting Engineers, Tehran, Iran, 6/74 - 8/75
 Lecturer (part-time), Civil Engineering Department, Nafisi Technical College, Tehran, Iran, 1/74 - 5/75
 Construction Supervisor, Civil Engineering Division, Military Industrial Organization, Tehran, Iran, 10/73 - 4/75
 Structural Engineer (half-time), Design Division, Parjam Construction Company, Tehran, Iran, 9/72 - 5/74
 Civil Engineering Trainee, Construction of General Offices for Behshahr Industrial Organization, Tehran, Iran, Summer 1971

Interviews and Coverage of Research

Wall Street Journal; USA Today; Associated Press; Los Angeles Times; Discovery Channel; The Atlantic; The Economist; The Guardian; Washington Post; ABC News; Miami Herald; NBC Affiliate, Los Angeles; Fox Affiliate, San Francisco; NBC Affiliate Salt Lake City; Las Vegas Sun; Engineering News Record; Science Daily; Materials Word Magazine, UK; Nikkei Construction; Seattle Times, and numerous interviews with the local affiliates of NPR (Reno, Sacramento, Las Vegas), CBS, NBC, ABC TV, and other local and regional newspapers

Software Application/Development

SAP 2000, NEABS, CADAM, ISADAB, LARZ Family, NEABS-86, AUTOCAD, Micro-SARB, DRAIN-3DX, MathCad

Courses Taught at the University of Nevada

CEE 140	Introduction to Civil Engineering
CEE 369	Non-Metal Testing Laboratory
CEE 372	Strength of Materials
CEE 480/680	Reinforced Concrete Design I
CEE 487/687	Reinforced Concrete Design II
CEE 723	Advanced Reinforced Concrete
CEE 724	Applied Elasticity
CEE 727	Matrix Methods of Structural Analysis
CEE 731	Advanced Dynamics of Structures

Undergraduate and Graduate Research Assistants and Research Associates

Undergraduate Research Assistants:

- | | | |
|-------------------------|----------------------|----------------------------|
| 1. Joe Shields | 18. Cole Mortensen | 35. David Hillis |
| 2. Rene Lawver | 19. Nathan | 36. Milad Oliiae |
| 3. Dan O'Connor | 20. Johnson | 37. Austin Brown |
| 4. Dave Straw | 21. Linda Flournoy | 38. Danielle Smith |
| 5. Tina Fraser | 22. Rebecca Bryan | 39. Amir Shoja-Taheri |
| 6. Eric Hutchens | 23. Mike Mayberry | 40. Misha Raffiee |
| 7. Troy Martin | 24. Rita Johnson | 41. Kevin Nguyen |
| 8. Tom Attard | 25. Edgar Gabriel | 42. Brian Nashakoji |
| 9. Dean Gardella | 26. Erik Reinhardt | 43. Colton Schaefer |
| 10. Matt Randall | 27. Jessica Gradick | 44. Osvaldo Arias |
| 11. Cory Caywood, | 28. Chris Olaegbe | 45. Wheeler Musnicki |
| 12. Nat Mangoba | 29. Ambere Banghart | 46. Claire Schreckenberger |
| 13. Anita Buzick (Bush) | 30. Brianna Schroder | 47. Larissa Chamousis |
| 14. Catherine French | 31. Robert Nelson | 48. Amaya Davis |
| 15. Brett McElhaney | 32. Erika Hull | 49. Evan Jordan |
| 16. Frank Martinovic | 33. Melissa O'Brien | 50. Christian Camarena |
| 17. Jessen Mortensen | 34. Kelly Doyle | |

MS Student Research Assistants (Supervised MS Thesis):

- | | | |
|---|--------------------------|------------------------------|
| 1. Ken Hodson | 21. Troy Martin | 42. Erik Reinhardt |
| 2. George Ghusn | 22. Matt Randall | 43. Chadi Ayoub |
| 3. Jim Hart | 23. Cory Caywood | 44. Hasan Mohammad |
| 4. James Orié | 24. Sri Uthiram | 45. Nathan Johnson |
| 5. Donald Orié | 25. Nath Mangoba | 46. Suhas Chandance |
| 6. Spiro Vrontinos | 26. Bryan Hansen | 47. Kandasamy
Sureshkumar |
| 7. Joseph Shields | 27. Ryan Moore | 48. Rita Johnson |
| 8. Tom Ho | 28. Marcello Sgambelluri | 49. Hongyu Wang |
| 9. Saber Abdel-Ghaffar | 29. Patrick Laplace | 50. Vu Phan |
| 10. Yang Jiang | 30. Anita Buzick (Bush) | 51. Melissa O'Brien |
| 11. Dan O'Connor | 31. Brett McElhaney | 52. Kelly Doyle |
| 12. Binoy Abraham | 32. Zhyuan Cheng | 53. Robert Nelson |
| 13. Nadim Wehbe | 33. Jennifer Moore | 54. David Hillis |
| 14. Phil Robarts | 34. Frank Martinovic | 55. Austin Brown |
| 15. Dave Straw | 35. Barkan Kavlicoglu | 56. Alex Larkin |
| 16. Eric Hutchens | 36. Manas Asthana | 57. Brian Nakashoji |
| 17. Greg Griffin | 37. Tassos Vlassis | 58. Jared Jones |
| 18. Ihab Darwish | 38. Heinere Ah-Sha | 59. Evan Jordan |
| 19. Manuel Coll (Univ. of
Puerto Rico, Mayaguez) | 39. Gang Dong | 60. Deependra Subedi |
| 20. Suresh Acharya | 40. Jessen Mortensen | 61. Taylor Schwartz |
| | 41. Cole Mortensen | 62. Christian Camarena |

PhD Student Research Assistants:

- | | | |
|------------------------|-------------------------|-----------------------|
| 1. Saber Abdel-Ghaffar | 13. Nathan Johnson | 24. Mostafa Tazarv |
| 2. Yang Jiang | 14. Hoon Choi | 25. Ahmed Akl |
| 3. Nadim Wehbe | 15. Ashkan Vosooghi | 26. Zhong Hua |
| 4. Yolanda Labia | 16. Arash Zaghi | 27. Sebastian Varela |
| 5. Ihab Darwish | 17. Sarira Motaref | 28. Mehrdad Mehraein |
| 6. Nagi Abo-Shadi | 18. Carlos Cruz | 29. Bahareh Abdollahi |
| 7. Claudia Pulido | 19. S. Mohammad | 30. Alireza Mohebbi |
| 8. Patrick Laplace | Ardakani | 31. Grishma Shrestha |
| 9. Zhyuan Cheng | 20. Fatemeh Kavianipour | 32. Elmira Shoushtari |
| 10. Hisham Nada | 21. Zach Haber | 33. Jose Benjumea |
| 11. Khaled Moustafa | 22. Ali Mehrosoroush | 34. Jared Jones |
| 12. Juan Correal | 23. Amarjeet Saini | 35. Mahmoud Aboukifa |

Research Associates:

- | | |
|--|---|
| 1. E. Hwang, Post-Doctoral Fellow | 10. N. Johnson, Research Assistant Professor |
| 2. N. Abo-Shadi, Post-Doctoral Fellow | 11. A. Ebrahimpour, Visiting Professor, Idaho State University, Pocatello, ID |
| 3. S. Feng, Visiting Associate Professor, Tshingua University, China | 12. A. Vosooghi, Post-Doctoral Fellow |
| 4. A. Wysokowski, Visiting Researcher, Director of the Department of Field Investigations, Polish Road and Bridge Research Institute | 13. Z. Haber, Post-Doctoral Fellow |
| 5. P. Gaspersic, Visiting Researcher, University of Ljubljana, Slovenia | 14. K Shrestha, Post-Doctoral Fellow |
| 6. T. Isakovic, Visiting Fulbright Scholar, University of Ljubljana, Slovenia (3 long-term visits) | 15. M. Tazarv, Post-Doctoral Fellow |
| 7. G. Griffin, EERI/FEMA Professional Fellow, OBEC Consulting Engineers | 16. A. Mehrosoroush, Post-Doctoral Fellow |
| 8. Q. Yang, Visiting Professor, Northern Jiaotong University, Beijing, China | 17. J. Ge, Visiting Associate Professor, Shanghai Institute of Technology |
| 9. S.M. Zadeh, Visiting Professor, Toussi University, Tehran, Iran | 18. A. Akl, Post-Doctoral Fellow |
| | 19. M. Mehraein, Post-Doctoral Fellow |
| | 20. S. Varela, Post-Doctoral Fellow |
| | 21. C.Liu, Ningbo Highway Construction Headquarters, Zhejiang Province, China |
| | 22. J. Jia, Visiting Associate Professor, Beijing University of Technology |

National/International Committee Activities

(The acronyms used in this resume are as follows):

AACU: Association of American Colleges and Universities
ACI: American Concrete Institute
ASCE: American Society of Civil Engineers
ASTM: American Society for Testing and materials

BEI: Bridge Engineering Institute
EERI: Earthquake Engineering Research Institute
FHWA: Federal Highway Administration
IABMAS: International Association of Bridge Management and Safety
IABSE: International Association for Bridge and Structural Engineering
NEES: Network for Earthquake Engineering Simulation
PCI: Prestressed/Precast Concrete Institute
SPIE: Society of Photo-Optical Instrumentation Engineers)

ACI Committee 318- Building Code Requirements for Structural Concrete, Subcommittee D-Flexure and Axial Loads; Beams, Slabs, and Columns (2008-2014)

ACI Committee 341 - Earthquake-Resistant Concrete Bridges, Founding Chair

- Founding Committee Chairman (1991-1997)
- Chair- Subcommittee on Pier Walls (1997-2001)

ACI Committee 342 - Concrete Bridge Evaluation

ACI-ASCE Committee 352 - Joints and Connections in Monolithic Concrete Structures (1983-present)

- Chair, Subcommittee on Needed Research (1984-88)
- Chair, Subcommittee on Miscellaneous Joints (1988-92)

ACI Committee 440-F – Task Force on FRP Systems for Seismic Strengthening of Concrete Structures

ASCE Technical Council on Lifeline Earthquake Engineering (TCLEE)

ACI Committee 440, Task Force on Seismic Design of Composites

ACI Journal Oversight Team (1998-2001)

ACI Advisory Committee on Concrete International Magazine (1999-2001)

National Cooperative Highway Research Programs Panel 12-36, Redundancy of Highway Bridge Superstructures (1990-1997)

National Cooperative Highway Research Programs Panel 12-47, Redundancy of Highway Bridge Systems (1997-2000)

National Cooperative Highway Research Programs Panel 12-70, Seismic Analysis and Design of Buried Structures, Slopes, and Embankments (2003-2007)

Council on Tall Buildings and Urban Habitat Committee 21 - Cast in Place Concrete (1984-1992)

- Editor, Topical Volume, Conference Proceedings

Council on Tall Buildings and Urban Habitat Committee 22 - Nonlinear Analysis and Limit Design (1984-1992)

ACI-ASCE Committee 343 - Concrete Bridge Design (1985-2000)

- Chairman, Subcommittee on Seismic Design (1989-1995)

ACI Committee E703 - Concrete Construction (1983-1987)

ACI-ASCE Committee 442 - Ad Hoc Subcommittee to Prepare State-of-the-Art Report on Nonlinear Seismic Analysis of R/C Structures (1983-1991)

ASCE Technical Council on Computer Practices - Publications Committee (1985-1991)

Editorial Board Member, Journal of Structural Engineering Review, Oxford, England

Nevada Testing Institute, Advisory Board Member, Las Vegas, Nevada (1994-1999)

Associate Editor, International Series on Advances in Earthquake Engineering, Southampton, England

Advisory Panel, Structures and Codes Institute, Chicago, Illinois
Advisory Committee, NSF-UNR-Combined Research-Curriculum Development in Computer Vision (2002-2003)
FHWA Expert Panel on Guidelines for Seismic Performance Testing of Bridge Piers (2001-2004)
FHWA Virtual Team for Condition Monitoring, Post-Disaster Evaluation, and Security of Highway Bridges (2002-2005)
European Association for Earthquake Engineering Task Group on Seismic Design, Assessment, and Retrofit of Bridges- TG-11 (2007-present)
Editorial Board Member, Journal of Earthquake Engineering and Engineering Vibration, Buffalo, New York (2002-present)
Editorial Board Member, International Journal of Bridge Engineering, Athens, Greece (2013-present)
Editorial and Advisory Board Member, Civil Engineering Infrastructures Journal, Tehran, Iran (2014-present)
Editorial Board Member, Earthquake Engineering Research Institute (EERI) Earthquake Spectra, Oakland, California, USA (2016-present)
International Advisory Committee of Bridge Engineering Institute (BEI), an International Technical Society (2017-present).

Key Committee Assignments at the University of Nevada, Reno

Member, Board of Regents Outstanding Researcher and Mid-Career Researcher Award Selection Committee, 2018
Chair, Civil and Environmental Engineering Department Associate Professor Mentorship Policy Committee, 2017-2018
Chair, Civil and Environmental Engineering Department Bylaws Committee, 2016-2017
Chair, Civil and Environmental Engineering Faculty Evaluation Committee, 2015-2017
Chair, Search Committee for Senior Environmental Engineering Faculty, 2014-2015
Member, Board of Regents Outstanding Researcher Award Selection Committee, 2014
Chair, College of Engineering Hoeper Professorship Award Selection Committee, 2014
Chair, Search Committee for Associate Vice President for Research, 2011
Member, College of Engineering Faculty Awards Selection Committee, 2011- present
Chair, Civil and Environmental Engineering Faculty Awards Nomination Committee, 2009-present
Member, University of Nevada Reno Board of Regents Researcher Selection Committee, 2006-2007
Member, Distinguished Faculty Selection Committee, 2005-2008
Member, McNair's Program Advisory Board, 2004-present
Member, University of Nevada System Board of Regents Researcher Selection Committee, 2003-2004
Chair, UNR Outstanding Researcher Selection Committee, 2004-2005
Member, UNR Outstanding Researcher Selection Committee, 2000-2005
Member, UNR Distinguished Teacher Selection Committee, 1999-2003
Chair, UNR Distinguished Teacher Selection Committee, 1999-2001
Chair, College of Engineering Personnel Committee, 1997-1998

Chair, UNR Distinguished Teacher Selection Committee, 1996
Member, Search Committee for the Dean of Engineering, 1995
Member, Search Committee for the Chair of Mechanical Engineering, 1995
Member, Search Committee for the Director of Environmental Science/Engineering Center, 1991
Member, Search Committee for the Dean of Engineering, 1987
Chair, College of Engineering Personnel Committee, 1986
Member, University Tenure and Promotion Committee, 1985
Member, Search Committee for the Academic Vice President, 1986
Chair, University Board on Global Studies and Student Exchange, 1983

Conference Chairmanship

1. Co-Director, Second NSF Workshop on Bridge Engineering Research in Progress, Reno, Nevada, 1990
2. Director, NSF Grantees Workshop, Natural Hazard Mitigation Programs, Lake Tahoe, Nevada, April 1995
3. Director, NSF US/central Europe Workshop on “Civil Infrastructure Systems for the next Century: a Global Partnership in Research” Cracow, Poland, October 1996.
4. Director, 2nd US-Turkey Workshop on Seismic Design and Retrofit of Highway Bridges, Ankara, Turkey, September 2004.
5. Chairman, 1st Nevada Undergraduate Research Symposium, Reno, Nevada, April 2006.
6. Director, FHWA/NSF Workshop on Future Directions for Long-Term Bridge Performance Monitoring, Assessment, and Management, Las Vegas, Nevada, January 2007.
7. Chairman, 3rd Nevada Undergraduate Research Symposium, Reno, Nevada, April 2008.
8. Director, NSF Workshop on Bridges of the Future- Widespread Implementation of Innovation, An International Workshop to Develop Action Plans, Las Vegas, Nevada, June 2011.

Chairmanship of Technical Sessions

1. “Seismic Bridge Design: Five Years after Loma Prieta,” ACI Convention, Salt Lake City, March 1995
2. “Dynamic Response of Bridge Components and Systems,” ASCE Engineering Mechanics Conference, Denver, Colorado, May 1995
3. “Seismic Retrofit of Concrete Bridges,” National Concrete and Masonry Conference, San Francisco, CA, June 1995
4. “Response of Concrete Bridges during the Northridge Earthquake,” ACI Convention, Montreal, Canada, November 1995
5. “Effect of Recent Earthquakes on Concrete Bridges: Performance, Retrofit, and Design,” ACI Convention, Denver, Colorado, March 1996
6. US/Central Europe Workshop on Civil Infrastructure Systems for the Next Century: A Global Partnership in Research, Cracow, Poland, October 1996, (two sessions)
7. “Seismic Retrofit of Concrete Bridges in Regions of Moderate to High Seismicity,” ACI Convention, Seattle, Washington, March 1997
8. “Design of Bridges,” International Workshop on Seismic Design Methodologies for the Next Generation of Codes, Bled, Slovenia, June 1997

9. "Bridge Structures," Sixth US National Conference on Earthquake Engineering, Seattle, Washington, June 1998
10. "Seismic Retrofit of Bridges," Structural Engineering World Congress, San Francisco, California, July 1998
11. "Emerging Practice on Earthquake Resistant Design of Reinforced Concrete Bridges," Structural Engineering World Congress, San Francisco, California, July 1998
12. "Seismic Design of Concrete Bridges," ACI Convention, Chicago, Illinois, March 1999
13. "Hybrid Bridges," Sixth International Conference, Association for Steel-Concrete Composite Structures (ASCCS-6), Los Angeles, California, March 2000
14. Third International Concrete Conference, Session A-10; Tehran, Iran, May 2000
15. International Symposium on Modern Concrete Composites & Infrastructure, Beijing, China, December 2000
16. "Seismic Retrofit of Bridge Columns," International Conference on FRP Composites in Civil Engineering, Hong Kong, December 2001
17. "Strengthening of Bridges," First Conference on Strengthening and Retrofit of Structure, Tehran, Iran, May 2002
18. "Durability of Composite Materials-II," Third International Conference on Composite in Infrastructure, San Francisco, California, June 2002
19. "Durability of Composite Materials-II," Third International Conference on Composite in Infrastructure, San Francisco, California, June 2002
20. "Shake Table Testing of Structures," Seventh US National Conference on Earthquake Engineering, Boston, Massachusetts, July 2002
21. "Strengthening of Bridges," First International Conference on Bridge Maintenance, Safety, and Management, Barcelona, Spain, July 2002
22. "Smart Materials and Structure," International Conference on Advances and New Challenges in Earthquake Engineering Research, Hong Kong, China, August 2002
23. "Recommendations for Future Research," 2nd US-Turkey Workshop on Seismic Design and Retrofit of Highway Bridges, Ankara, Turkey, September 2004.
24. "Innovative Materials in Seismic Design of Bridges," ACI Convention, San Francisco, October 2004.
25. "Seismic Analysis and Retrofitting (1)," 2nd International Conference on Bridge Maintenance, Safety, and Management, Kyoto, Japan, October 2004
26. "Long-Term Monitoring, State-of-Practice, and Case Studies," North-American Euro-Pacific Workshop on Sensing Issues in Civil Structural Health Monitoring, Honolulu, Hawaii, November 2004.
27. "Retrofitting Methods and Experiments," 5th International Conference on Earthquake Resistant Engineering Structures, Skiathos, Greece, May-June 2005.
28. "T46- Seismic Design and Response Issues for Bridges," 8th US National Conference on Earthquake Engineering, San Francisco, California, April 2006.
29. "Innovative Development towards Improving Bridge Seismic Safety," 3rd International Conference on Bridge Maintenance, Safety, and Management, Porto, Portugal, July 2006.
30. Session SC-C, Fifth International Seismology and Earthquake Engineering Conference, Tehran, Iran, May 2007.
31. "Session II – Earthquake Resistant Engineering," 6th International Conference on Earthquake Resistant Engineering Structures, Bologna, Italy, June 2007.

32. "Working Session 3," International Workshop on Advanced Structures and Materials, University of Nebraska, Lincoln, Nebraska, November 2007.
33. "Earthquake engineering," Tenth Pan American Congress of Applied Mechanics, Cancun, Mexico, January 2008.
34. "Session B8," The Third International Conference on Bridges, Tehran, Iran, May 2008.
35. "New developments in large-scale model studies of bridge components and systems subjected to earthquakes," 4th International Conference on Bridge Maintenance, Safety, and Management, Seoul, S. Korea, July 2008.
36. "Seismic design and performance issues for highway bridges," 4th International Conference on Bridge Maintenance, Safety, and Management, Seoul, S. Korea, July 2008.
37. "Session 10, Concrete II," 24th US-Japan Bridge Engineering Workshop, Minneapolis, Minnesota, September 2008.
38. Session 1 – Keynote Speech on Engineering Education in 21st Century, 8th International Congress on Civil Engineering, Shiraz, Iran, May 2009
39. Session 2 – Keynote Speech on Computer-Integrated Civil Engineering, 8th International Congress on Civil Engineering, Shiraz, Iran, May 2009
40. "Session 4, Remedial Work and Partial Replacement," 25th US-Japan Bridge Engineering Workshop, Tsukuba, Japan, October 2009.
41. "Modeling of Bridge Seismic Response," 5th International Conference on Bridge Maintenance, Safety, and Management, Philadelphia, Pennsylvania, July 2010.
42. "High-Performance Materials in Seismic Design," Third International Conference on Seismic Retrofitting, Tabriz, Iran, October 2010.
43. "New Vision after Recent Earthquakes- Session 1 and 2," Bled 4 Workshop: Performance-Based Seismic Engineering- Vision for an Earthquake Resilient Society, Lake Bled, Slovenia, June 2011.
44. "Keynote Lectures Session V," International Conference EQADS 2011, Earthquake Analysis and Design of Structures, Coimbatore, India, December 2011.
45. "Damage of Transportation Facilities- 2," International Symposium on Engineering Lessons Learned from the Giant Earthquake, One Year After the Great East Japan Earthquake," Tokyo, Japan, March 2012.
46. "Structural Engineering and Applied Mechanics," Ninth International Congress on Civil Engineering, 9ICCE, Isfahan, Iran, May 2012
47. "Advanced Technologies in Standard Bridge Structures- from Research to Implementation," 6th International Conference on Bridge Maintenance, Safety, and Management, Stresa, Italy, July 2012.
48. "Session Earthquake VI," 11th International Conference on Structural Reliability Safety and Reliability, ICOSSAR, New York City, New York, June 2013.
49. "Advanced Materials," Session 13, NEES Annual Meeting, Quake Summit 2013, Reno, Nevada, August 2013.
50. "Application of Smart and Advanced Materials in Bridge Engineering," 2nd Conference on Smart Materials Monitoring, Assessment and Rehabilitation of Civil Structures, Istanbul, Turkey, September 2013.
51. "Extreme Load Performance and Design of Bridges for Accelerated Bridge Construction," 7th International Conference on Bridge Maintenance, Safety, and Management, Shanghai, China, July 2014.

52. “Accelerated Bridge Construction Using Precast Components,” 10th US National Conference on Earthquake Engineering, Anchorage, Alaska, July 2014.
53. “Seismic Load Considerations in Design for ABC,” National Accelerated Bridge Construction Conference, Miami, Florida, December 2014.
54. “Plenary Session 4,” The Sixth Kwang-Hua Forum on Innovations and Implementations in Earthquake Engineering Research,” Shanghai, China, December 2014.
55. “Railway Track and Structures- Session1,” Fourth International Conference on Recent Advanced in Railway Engineering, Tehran, Iran, May 2015.
56. “Railway Track and Structures- Session 2,” Fourth International Conference on Recent Advanced in Railway Engineering, Tehran, Iran, May 2015.
57. “Accelerated Bridge Construction (ABC) Implementation Products from ABC-UTC Research,” The 2015 International Bridge Conference, Pittsburgh, Pennsylvania, June 2015.
58. “Shape Memory Alloys for Civil Construction, Session 2,” 3rd Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures, Antalya, Turkey, September 2015.
59. “Session 3- Shape Memory Alloys,” 4th Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures, Zurich, Switzerland, September 2017.
60. “Session 10- Earthquake-Resistant ABC,” Accelerated Bridge Construction in Seismic Regions, National Accelerated Bridge Conference, Miami, Florida, December 2017.
61. Theme Session, “Seismic Design of Bridges, Present and Future,” 16th European Conference on Earthquake Engineering, Thessaloniki, Greece, June 2018.
62. “Earthquakes, Seismic Retrofit and Upgrade,” 2nd International Conference on Natural Hazard and Infrastructure (ICONHIC), Crete, Greece, June 2019.
63. “Shape Memory Alloys (SMAs) for Engineering Application,” 5th International Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures, Potsdam, Germany, August 2019.

Patent

US Patent No: US 9,677,274 June 13, 2017, entitled “DECONSTRUCTABLE SUPPORT COLUMN STRUCTURES,” Inventor Mehdi Saiidi

Honors, Awards, and Recognitions

Fellow of the American Society of Civil Engineers (FASCE)

Fellow of the American Concrete Institute (FACI)

Honor Society of Phi Kappa Phi

Registered Professional Engineer in the State of Nevada

Registered Professional Engineer in the State of California

Who’s Who in America, 57th Edition

Who’s Who in Frontiers of Science and Technology, 2nd Edition

Distinguished Leadership Award for Outstanding Contributions to Civil Engineering, 2nd Edition

Supervisor of research for paper by MSCE student, Ihab Darwish, third place winner of the 1995 International student paper competition, Earthquake Engineering Research Institute, California

Supervisor of research for paper by PhD student, Ihab Darwish, first place winner of the 1997 international student paper competition for graduate students, 14th International Bridge Conference, Pennsylvania

Foundation Professor Award, University of Nevada, Reno, August 1997

Supervisor of research for paper by PhD student, Nadim Wehbe, first place winner of the 1998 international student paper competition, Earthquake Engineering Research Institute, California

University of Nevada, Reno, Outstanding Researcher of the Year Award, May 2000

Supervisor of research for paper by PhD student, Claudia Pulido, first place winner of the 2001 international student paper competition for graduate students, 18th International Bridge Conference, Pittsburgh, Pennsylvania

Nevada Seismic Safety Commission 2002 Award for Seismic Retrofit of Las Vegas Downtown Viaduct, May 2002

Regents' Researcher Award, University and Community College System of Nevada Board of Regents, March 2003

University of Illinois at Urbana-Champaign Distinguished Alumnus Award, April 2003

Lemelson Award for Innovative Research, College of Engineering, University of Nevada, Reno, March 2004

Advisor of the Year Award, Associated Students at the University of Nevada, Reno for advising the Society of Independent Persian Students, April 2004

Supervisor of research for paper by PhD student, Ashkan Vosooghi, first place winner of the First International Student Paper Competition in Honor of Prof. M. Ghalibafian, Los Angeles, California (2009)

Supervisor of research for paper by PhD student, Sarira Motaref, first place winner of the 2010 James Cooper Student Award, competition for graduate students, International Bridge Conference, Pittsburgh, Pennsylvania

College of Engineering Excellence in Research Award, University of Nevada, Reno, May 2014.

Established Innovator Award, Office of Vice President for Research and Innovation, University of Nevada, Reno, May 2016.

Inducted as a member of the Academy of Engineering of Mexico, November 2017.

Innovative Bridge Project in Seattle was selected as one of the Sweet 16 Transportation Projects, Transportation Research Board, January 2018.

Distinguished Engineer, Iranian Society of Structural Engineering, February 2018.

Local Outstanding Civil Engineering Achievement, 2018, Seattle Section of ASCE (for the SR 99 Alaskan Way Viaduct North Bound Off Ramp with Innovative Materials; Shared with Bijan Khaleghi, Jed Bingle, and Tim Moore).

The 2018 Precast/Prestressed Concrete Institute's Robert J. Lyman Award for Journal Article: "Precast concrete spliced-girder bridge in Washington State using superelastic materials in bridge columns to improve seismic resiliency: From research to practice," PCI Journal, Precast/Prestressed Concrete Institute, January-February 2018, pp. 57-71.

Top 5 Outstanding Civil Engineering Achievement in the United States, 2018, ASCE (for the SR 99 Alaskan Way Viaduct North Bound Off Ramp with Innovative Materials; Shared with Bijan Khaleghi, Jed Bingle, and Tim Moore).

International Bridge Conference Award for Bridge Research, SR-99 Tunnel South Access Bridge, National Harbor, Maryland, June 2019.

Journal Paper and Research Proposal Review Work

National Science Foundation Engineering Research Center Proposals
Site Evaluator, National Science Foundation Engineering Research Centers
Natural Sciences and Engineering Research Council of Canada Proposals
National Research Council Twinning Program Proposals
ACI Structural Journal Manuscripts
ACI Materials Journal Manuscripts
ASCE Structural Engineering Journal Manuscripts
ASCE Bridge Engineering Journal Manuscripts
ASCE Journal of Composite Construction Manuscripts
ASCE Computing in Civil Engineering Journal Manuscripts
ASCE Journal of Constructed Facilities Manuscripts
International Journal of Soil Dynamics and Earthquake Engineering Manuscripts
ASCE Infrastructural Systems Journal Manuscripts
International Journal of Engineering Structures Review Manuscripts
Earthquake Spectra, Earthquake Engineering Research Institute Manuscripts
PCI Journal Manuscripts
International Journal of Structural Engineering and Mechanics Manuscripts
Journal of Earthquake Engineering
Journal of Bridge Engineering
Canadian Journal of Civil Engineering
Journal of Seismology and Earthquake Engineering, Iran
International Conference on Concrete under Severe Conditions Manuscripts
International Journal of Construction and Building Materials Manuscripts
International Journal of Earthquake Engineering and Structural Dynamics Manuscripts
International Journal of Advances in Structural Engineering Manuscripts
National Concrete and Masonry Engineering Conference Manuscripts
Research Proposals for the Connecticut Transportation Institute
Session Proposals for the AACU Conference, The Student as Scholar: Undergraduate Research and Creative Practice
Research Proposals for the Sea Grant Program at the University of Puerto Rico, Mayaguez
Mexican Journal: Revista de Ingenieria Sismica
Member of Review Panels for National Cooperative Highway Research Programs
Member of Review Panels for the National Science Foundation research proposals

Society Memberships

American Society of Civil Engineers (ASCE)
American Concrete Institute (ACI)
Earthquake Engineering Research Institute (EERI)
International Association for Bridge Management and Safety (IABMAS)
Executive Committee, Bridge Engineering Institute, an International Technical Society

Consulting

Desert Research Institute: Design of a steel platform to support a laser device, 9/79 - 3/80
Holcomb Construction Company: Modification of a program on a microcomputer, 5/80 - 7/80
Jack Means & Associates: Earthquake analysis of an irregular 7-story building, 8/80 - 9/80
Ferrari/Howard & Associates: Application and interpretation of computer results in structural analysis of an irregular building, 10/80 - 11/80
H.V. Lamberti Consulting Engineer: Modeling of structures on a microcomputer, 11/80
Ferrari/Howard & Associates: Study of the failure of concrete pavement at the Reno Airport, 7/82 - 10/82
Ferrari/Howard & Associates: Preparation of a proposal for seismic evaluation of existing buildings, 7/83 - 8/83
Omni-Means, Ltd.: Modeling of two structures on computers, 10/83 - 12/83
Alan T. Power, Ltd.: Review of the design of Tropicana Hotel prestressed concrete slab system, 1/84 - 3/84
Clark Gribben & Associates: Preparation of a small business research proposal for nonlinear seismic modeling of structures, 6/85 - 7/85
Ferrari/Howard & Associates: Review of cause of cracks in a tilt up wall structure, 1/86
Reno Iron Works: Review of computer needs and recommendation for future direction, 4/86
Structures Unlimited: Correlation studies of calculated and measured deflection of an R/C slab subjected to test loads, 6/86
Ferrari/Howard & Associates: Computer-aided seismic modeling of a stepped building, 7/86 - 2/87
Ferrari/Howard & Associates: Design of a 65-foot diameter R/C ring beam, 11/86
Ferrari/Howard & Associates: Dynamic stability analysis of a vending machine, 3/87
Ferrari/Howard & Associates: Vibration reduction of a composite floor system, 6/87 - 8/87
Terra Aqua, Inc.: Testing and evaluation of different connection details of gabion wire meshes, 7/87
Ferrari/Howard & Associates: Evaluation and retrofitting of a R/C structure for blast loads, 4/88 - 9/88
Ferrari/Howard & Associates: Evaluation of May 1988 Henderson explosion effect on a timber roof, 8/88 - 12/88
Ferrari/Howard & Associates: Monitoring and evaluation of cause of cracking in a multistory R/C building, 10/88 - 5/90
Ferrari & Associates: Modeling and evaluation of a R/C structure with severe cracking, 5/89 - 5/90
District II - Nevada Department of Transportation: Identification of trigger wind velocities to cause vehicle instability, 5/95-9/95
Ferrari & Associates: Evaluation of two prestressed concrete parking structures with severe cracking, 12/95-4/96
Ever-Level Systems, Inc.: Analysis of a new base isolation system subjected to earthquake loads, 4/00-6/00
Sifred & McClusky Law Firm: Evaluation of wind stability of a trailer, 12/04-2/06
S.K. Ghosh Associates: Peer review of use of MMFX steel in a multi-story concrete building in S. Nevada, 12/05-4/06

S.K. Ghosh Associates: Peer review of use of MMFX steel in a cable-stayed bridge in S. California, 7/11-8/11
Arora and Associates: Subject Matter Expert on domestic AASHTO scan on accelerated bridge construction under multi-hazard loading, 8/11-2/13
Infrastructure Innovation, LLC, National Cooperative Highway Research Program, Seismic Design of Bridge Columns with Improved Energy Dissipating Mechanisms, 7/14-2/17.
Infrastructure Innovation, LLC, SC Solutions, Team Member for the California Department of Conservation Funded Project: Rapid Post-Earthquake Safety Evaluation of New Carquinez Bridge and Using Fragility Curves and Recorded Strong-Motion data, 12/14-12/16
Infrastructure Innovation, LLC, University of Connecticut, National Science Foundation, PFI: AIR - TT: A Hybrid Metal/Glass Composite System for Multi-hazard Resilient Bridge Columns, 9/15-8/19
Infrastructure Innovation, LLC, Idaho State University, Peer Reviewer for Research Project Titled: "Seismic Performance of Columns with Grouted Couplers in Idaho Accelerated Bridge Construction Applications," 9/15-9/16
Infrastructure Innovation, LLC, Idaho State University, Peer Reviewer for Research Project Titled: "Effectiveness of High Early Strength Concrete Class 50AF with Polypropylene Fibers as a Cost-Effective Alternative for Field-Cast Connections of Precast Elements in Accelerated Bridge Construction," 1/17-9/18
Tutor Perini, Zachary, Parsons, "Tuolumne St. Bridge Deck Repair Analysis," 5/18-6/18.
Infrastructure Innovation, LLC, University of Southern California, National Cooperative Highway Research Program, Innovations Deserving Exploratory Analysis (IDEA), Project 210, "Cu-Based Superelastic Alloys for Applications in Bridge Columns to Improve Seismic Performance," October 2018-October 2020.

Short Courses Taught

Multistory Concrete Buildings Design, joint with Mark Fintel and S.K. Ghosh, Reno, Nevada, May 1984
Design of Reinforced Concrete Connections, Reno, Nevada, April 1985
Computer-Aided Seismic Analysis of Highway Bridges, Reno, Nevada, April 1993
Seismic Analysis and Design of Highway Bridges, Cairo, Egypt, January 1996
Seismic Design of Highway Bridges, Reno, Nevada, April 1996
Seismic Design of Bridges, Innovation in Construction and Design of Bridges under Seismic Loads, Webinar through S.K. Ghosh and Associated, February 2012
Methods and Tools for Experimental Testing of Structures, Fulbright Scholar Short Course, University of Buenos Aires, Argentina, December 2013

Short Courses Attended

CADAM, A Computer-Aided Design System, Reno, Nevada, April 1984 (5 days)
Bridge Inspection, Evaluation, & Rehabilitation, Boston Massachusetts, July 1989 (3 days)
Fostering Critical Thinking, Reno, Nevada, March 2002 (1 Day)

Invited Workshop Participation

1. National Workshop to Review Earthquake Engineering Research Needs for Bridges, Reno, Nevada, April 1984
2. Joint U.S./New Zealand Workshop on Evaluation of Research Needs in Seismic Aspects of Bridges, San Diego, California, May 1985
3. Third Joint U.S./Japan Workshop on Performance and Strengthening of Bridge Structures, Tsukuba, Japan, May 1987
4. Fourth Joint U.S./Japan Workshop on Bridge Engineering, San Diego, California, May 1988
5. National Science Foundation Forum for Innovative Bridge Research (FIBR), Washington, D.C., October 1991
6. National Science Foundation Bridge Strengthening and Rehabilitation Workshop, Des Moines, Iowa, April 1993
7. National Science Foundation Earthquake Engineering and Earthquake-Related Earth Science Research in the Next Decade, June 1993
8. International Workshop on Civil Infrastructural Systems, Taipei, Taiwan, January 1994
9. Second U.S./Japan Workshop on Seismic Retrofit of Bridges, San Francisco, California, January 1994
10. Tenth Joint U.S./Japan Workshop on Bridge Engineering, Lake Tahoe, Nevada, May 1994
11. U.S. delegation of 13 members to visit and present papers in Hungary, Slovak Republic, Czech Republic, and Poland, June 1994
12. U.S. delegation of 5 members to visit and present papers in Hungary, Romania, and Moldova, September 1994 (delegation leader)
13. U.S./China Workshop on Joint Research in Earthquake Engineering, San Francisco, California, August 1995
14. U.S. delegation of 7 members to meet with researchers and administrators in Poland and the Czech Republic, October 1995
15. U.S./Central Europe Workshop on “Civil Infrastructure Systems for the Next Century: a Global Partnership in Research,” Cracow, Poland, October 1996 (Workshop Director)
16. International Workshop on Seismic Design Methodologies for the Next Generation of Codes, Bled, Slovenia, June 1997
17. U.S./China Workshop on Joint Research in Earthquake Engineering, San Jose, California, October 1997
18. U.S./Japan Workshop on Smart Materials and New Technologies for Improvement of Seismic Performance of Urban Structures, Disaster Prevention Research Institute, Kyoto University, February 1999
19. NSF-NEES Grid Workshop, Los Angeles, California, November 2000
20. First Annual Minority Graduate Education Faculty Mentoring Institute, Phoenix, Arizona, January 2001
21. US/UK/EU Meeting to Develop Research Topics on Civil Infrastructure Systems, London, England, July 2001
22. Workshop on Strong Motion Instrumentation of Buildings, Consortium of Organizations for Strong-Motion Observation Systems, Emeryville, California, November 2001
23. FHWA Expert Panel on Guidelines for Seismic Performance Testing of Bridge Piers, San Francisco, California, August 2002

24. First US-China Workshop on Seismic Analysis and Design of Special Bridges, Shanghai, China, October 2002
25. NSF-FHWA US-Japan Workshop on Advancing the State-of-the-Art and Practice of the Engineering and Management of Highway Infrastructure, Tokyo, Japan, November 2003
26. NSF-FHWA US-Japan Meeting on Evaluating Bridge Reliability Following Natural and Man-Made Hazards in Real-Time, Kyoto, Japan, October 2004.
27. North-American Euro-Pacifica Workshop on Sensing Issues in Civil Structural Health Monitoring, Honolulu, Hawaii, November 2004
28. US Japan Workshop on Collaboration on Earthquake Engineering of Bridges Using NEES/E-Defense, San Francisco, California, February 2005
29. First US-Portugal International Workshop: Grand Challenges in Earthquake Engineering 250 years after the 1755 Lisbon Earthquake, July 2005
30. Fourth Planning Meeting for NEES/E-Defense Collaboration, E-Defense, Kobe-Miki, Japan, August 2005.
31. Research Development Workshop for FY 2006/07, California Department of Transportation, Sacramento, California, August 2005.
32. Fifth Planning Meeting for NEES/E-Defense Collaboration, E-Defense, San Francisco, California, December 2005.
33. Second US-Taiwan Bridge Engineering Workshop, San Francisco, California, September 2006.
34. Planning Meeting for NEES/E-Defense Collaboration on Bridge Model Testing, Kobe, Japan, September 2007
35. 2007 FHWA Seismic Accelerated Bridge Construction Workshop, San Diego, California, October 2007
36. NSF International Workshop on Performance-Based Infrastructure Asset Management, Istanbul/Ankara, Turkey, July 2008
37. 24th US-Japan Workshop on Bridge Engineering, Minneapolis, Minneapolis, September 2008
38. FHWA Workshop on Shape Memory Alloys in Infrastructure, Washington, DC, May 2009
39. International Specialty Workshop on Seismic Connection Details for Segmental Bridge Construction, Seattle, Washington, July 2009
40. 25th US-Japan Workshop on Bridge Engineering, Tokyo, Japan, October 2009
41. Workshop to Create a Center for Accelerated Bridge Construction (ABC), Miami, Florida, November 2010
42. Second Annual NSF Workshop on Sciences behind Sustainability Quantification for Building and Infrastructure Design, Engineering, and Construction (S2QBIDEC), Ft. Worth, Texas, November 2012
43. US-China Planning Workshop for Multi-Table Testing of Structures, Tongji University, Shanghai, China, December 2012
44. Fourth Workshop on China-USA Collaboration for Disaster Evolution/Resilience of Civil Infrastructure and Urban Environment, Reno, Nevada, August 2013
45. 11th US-Taiwan Bridge Engineering Workshop, Taipei, Taiwan, October 2016
46. 31st Joint U.S./Japan Bridge Engineering Workshop, Los Angeles, California, July 2018
47. Lifelines: Performance-Based Design and Resiliency, an Interactive Workshop, Earthquake Engineering Research Institute Annual Meeting, Vancouver, British Columbia, Canada, March 2019

48. Resilience-Based Design for Next-Generation Bridge Design and Construction Workshop, Southampton, England, July 2020.

Member of Scientific/Advisory Committees for the following conferences:

1. Fourth International Conference on Safety of Bridge Structures, Wroclaw, Poland, September 1992
2. NSF Symposium on Practical Solutions for Bridge Strengthening and Rehabilitation, Des Moines, Iowa, April 1993
3. NSF First International Conference on Composites in Infrastructure held in Tucson, Arizona, January 1996
4. NSF Workshop on Structural Reliability, Boulder, Colorado, October 1996
5. Scientific Board for the 4th International Conference on Civil Engineering, Iran, May 1997
6. Editorial Board for the International Conference on Innovations in Civil/Structural Engineering, England, August 1997
7. Editorial Board for the “Advances in Earthquake Engineering” series, Computational Mechanics Publications, Southampton, England, 1997
8. Nevada Science and Technology Symposium, Las Vegas, Nevada, January 2000
9. Scientific Committee for the International Symposium on Modern Concrete Composites & Infrastructure, Beijing, China, November-December 2000
10. Technical Committee for the Seventh US National Conference on Earthquake Engineering, Boston, Massachusetts, July 2002
11. ACI Ad-hoc Innovation Committee to Review Steel-Free Decks, 2000
12. ACI-TAC (Technical Activities Committee) External Review Member, 2001
13. International Scientific Advisory Committee for the 4th International Conference on Seismology and Earthquake Engineering Structures (SEE-4), Tehran, Iran, May 2003
14. International Scientific Advisory Committee for the 4th International Conference on Earthquake Resistant Engineering Structures, Ancona, Italy, September 2003
15. Scientific Committee for the 2nd International Conference on Bridge Maintenance, Safety, and Management, Kyoto, Japan, October 2004
16. International Scientific & Engineering Committee for the North American Euro Pacific Workshop for Sensing Issues in Civil Structural Health Monitoring, Oahu, Hawaii, November 2004
17. International Scientific Advisory Committee for the 5th International Conference on Earthquake Resistant Engineering Structures, Skiathos, Greece, May-June 2005
18. Editorial Board, Tenth International Conference on Civil, Structural, and Environmental Engineering Computing, Rome, Italy, August-September 2005
19. Steering Committee, Civil Engineering Infrastructure Systems, An International Conference, Beirut, Lebanon, June 2006
20. Scientific Committee for the 3rd International Conference on Bridge Maintenance, Safety, and Management, Porto, Portugal, July 2006
21. International Scientific Committee for the 3rd International Conference on FRP Composites in Civil Engineering, Miami, Florida, December 2006
22. Planning Committee for the AACU Network for Academic Renewal Conference- The Student as Scholar: Undergraduate Research and Creative Practice, Long Beach, California, April 2007

23. Planning Committee for the 4th International Workshop on Structural Concrete in the Americas, Atlanta, Georgia, April 2007
24. International Scientific Committee for the 5th International Conference on Seismology and Earthquake Engineering (SEE-5), Tehran, Iran, May 2007
25. International Scientific Advisory Committee for the 6th International Conference on Earthquake Resistant Engineering Structures, Bologna, Italy, June 2007
26. International Scientific Advisory Committee for the 10th Pan-American Conference on Applied Mechanics Cancun, Mexico, January 2008
27. Scientific Committee, The 3rd International Conference on Bridges, Tehran, Iran, May 2008.
28. Scientific Committee for the 4th International Conference on Bridge Maintenance, Safety, and Management, Seoul, S. Korea, July 2008
29. Planning Committee for the 5th International Workshop on Structural Concrete in the Americas, St. Louis, Missouri, October 2008
30. Scientific Board for Special Symposium “Modeling of Structures,” in Honor of Opening New Engineering College in Mostar, Bosnia-Herzegovina, November 2008
31. International Scientific Advisory Committee for the 7th International Conference on Earthquake Resistant Engineering Structures, Cypress, June 2009
32. International Scientific and Technical Committee for the International Conference on Recent Advances in railway Engineering, Tehran, Iran, October 2009
33. International Scientific and Committee for the International Conference in Structural Engineering and Construction (ISEC), Las Vegas, NV, September 2009
34. International Scientific Committee for the First International Conference on Concrete Technology, Tabriz, Iran, November 2009
35. Scientific Committee for the 5th International Conference on Bridge Maintenance, Safety, and Management, Philadelphia, Pennsylvania, July 2010
36. Chair, National Organizing Committee for the 5th International Conference on Bridge Maintenance, Safety, and Management, Philadelphia, Pennsylvania, July 2010
37. International Scientific Committee for the Third International Conference on Seismic Retrofitting, Tabriz, Iran, October 2010
38. International Scientific Committee for the 6th International Conference on Seismology and Earthquake Engineering (SEE-6), Tehran, Iran, May 2011
39. Scientific Committee for the 6th International Conference on Bridge Maintenance, Safety, and Management, Lake Como, Italy, July 2012
40. International Advisory Committee, International Symposium on the Great East Japan Earthquake, Tokyo, Japan, March 2012
41. Steering Committee for Innovations on Bridges and Soil-Structure Interaction International Institute, 2011-present
42. Scientific Committee for the 6th International Conference on Bridge Maintenance, Safety, and Management, Lake Como, Italy, July 2012
43. US-China Planning Meeting for the 2013 Workshop on Design and Execution of Large-Scale Shake-Table Experiments, Shanghai, China, December 2012
44. Conference Board of Academic Members for the Third International Conference on Recent Advances in Railway Engineering, Tehran, Iran, May 2013
45. Co-Chair, Technical Program Committee, NEES Annual Meeting, Quake Summit, Reno, Nevada, August 2013

46. Scientific Committee for the 2nd Conference on Smart Monitoring, Assessment, and Rehabilitation of Civil Structures, Istanbul, Turkey, September 2013
47. Scientific Committee for the 7th International Conference on Bridge Maintenance, Safety, and Management, Shanghai, China, July 2014
48. International Scientific Board, 4th International Conference on Acoustics and Vibration, Tehran, Iran, December 2014
49. International Scientific Committee, 7th International Conference on Earthquake Engineering and Seismology, Tehran, Iran, May 2015
50. Board of Academic Advisors, International Congress on Advanced Railway Engineering, Istanbul, Turkey, May 2015
51. Scientific Committee for the 3rd Conference on Smart Monitoring, Assessment, and Rehabilitation of Civil Structures (SMAR), Anatolia, Turkey, September 2015
52. Scientific Committee for the 5th International Conference on Acoustics and Vibration, Tehran, Iran, 2015
53. Scientific Committee for the 1st International Conference on Natural Hazards and Infrastructure: Protection, Design, Rehabilitation, Crete, Greece, June 2016
54. Scientific Committee for the 8th International Conference on Bridge Maintenance, Safety, and Management, Iguacu, Brazil, June 2016
55. Scientific Committee for the 1st International Conference on Modern Materials and Structures in Civil Engineering, Tehran, Iran, October 2016
56. International Scientific Committee, 6th International Conference on Acoustics and Vibration, Tehran, Iran, December 2016
57. International Scientific Committee for the 4th Conference on Smart Monitoring, Assessment, and Rehabilitation of Civil Structures (SMAR), Zurich, Switzerland, September 2017
58. Organizing and Scientific Committee for the 11th International Congress on Civil Engineering, Tehran, Iran, May 2018
59. Scientific Committee for the 9th International Conference on Bridge Maintenance, Safety, and Management, Melbourne, Australia, July 2018
60. International Scientific Committee for the 5th Conference on Smart Monitoring, Assessment, and Rehabilitation of Civil Structures (SMAR), Berlin, Germany, August 2019
61. International Scientific Committee for the International Conference in Commemoration of 20th Anniversary of the 1999 Chi-Chi Earthquake, Taipei, Taiwan, September 2019
62. Scientific Committee for the 10th International Conference on Bridge Maintenance, Safety, and Management, Sapporo, Japan, June-July 2020
63. International Scientific Committee, 8th International Conference on Seismology and Earthquake Engineering (SEE8), Tehran, Iran, November 2020.

Other Activities

Founding Coordinator of the Nevada Medal for Distinguished Graduate Student Paper Award competition, 2000-present. The award is funded through an endowment by a former graduate student, Simon Wong, Simon Wong Engineering, San Diego, California.

Member of EERI Reconnaissance Team to investigate bridge damage in the August 1993 earthquake in Guam, USA

Member of the editorial board for the International Journal of Engineering Structures Review, 1995-97

Officer in ASCE Truckee Meadows Branch, May 1986 - September 1989 (President, 1988-89)

Officer in ASCE Nevada Section, September 1995-2000 (President, 1998-99)

Presented a nontechnical seminar entitled "What Earthquakes Do to Buildings" at the following:

- Reno Host Lion's Club, October 1987
- Sierra Nevada Chapter of Chartered Property Casualty Underwriters, Reno, April 1988
- Associated General Contractors Annual Conference, Reno, February 1990

Nevada Earthquake Awareness Week, University of Nevada, Reno, April 1990

Discussion Leader on the topic of "Civil Engineering Education; Where Should We Be Going?" ASCE Zone 4 Management Conference, Phoenix, February 1988

Served as a member of Nevada Public Works Consultant Selection Committee for a \$10,000,000 engineering laboratory project, 1988

Served as a member of City of Reno Consultant Selection Committee for a \$150,000,000 waste water treatment project, 1989

Was interviewed on earthquake engineering and safety in "High Desert Forum," a one-hour KUNR public radio talk show, February 2004

Served as external international expert to the European Union Funded Seismic Research Project on Reinforced Concrete Building Retrofit (BANDIT), University of Sheffield, UK, 2010-2013.

Served as external international expert to the European Union Funded Research Project: Real Time Intercity Seismic Risk (RETIS), Aristotle University of Thessaloniki, Greece, 2013-2015.

Research Grants Received

1. University of Nevada Research Advisory Board, \$2,500, "Simple Earthquake Analysis of R/C Structures," PI: Saiidi, December 1979.
2. National Science Foundation, \$44,745, "Simple Earthquake Analysis of Multistory Reinforced Concrete Structures," PI: Saiidi, July 1980.
3. National Science Foundation, \$177,125, "Maximum Amplitude Nondestructive Dynamic Testing of a Highway Bridge and Implications for Seismic Design," PI: Douglas, CoPI: Saiidi, January 1982.
4. National Science Foundation, \$45,616, "Field Study of Concrete Form Loads and Pressures," PI: Douglas, CoPI: Saiidi, January 1982.
5. National Science Foundation, \$93,542, "Strengthening of Flexural Members through the Use of Epoxy Bonded Overlays Under Static and Repeated Loads," PI: Saiidi, CoPI: Douglas, July 1984.
6. National Science Foundation, \$415,185, "Large-Amplitude Field Response Studies of Highway Bridges Subjected to Static and Dynamic Loading," PI: Douglas, CoPI: Saiidi, July 1984.
7. National Science Foundation, \$37,428, "Microcomputer Applications in Seismic Design of Regular Highway Bridges," PI: Saiidi, CoPI: Douglas, August 1984.
8. National Science Foundation, \$147,425, "Age Effects in Elastomeric Bridge Bearing Pads," PI: Douglas, CoPIs: Saiidi, Epps, August 1985.

9. National Science Foundation, \$25,707, "Data Acquisition Equipment for Laboratory Testing of Bridge Components," PI: Saiidi, July 1985.
10. National Science Foundation, \$129,290, "An Experimental Study of R/C Pinned Bridge Piers Subjected to Combined Axial Force, Shear, and Flexure," PI: Saiidi, CoPI: Douglas, June 1987.
11. Sierra Pacific Power Company, \$23,398, "Wind and Ice Loading Maps for SPPC's Service Area in Northern Nevada and Eastern California," PI: Saiidi, CoPI: Maragakis, June 1987.
12. Nevada Department of Transportation, \$45,955 "A Study of Prestress Losses in Highway Bridges in Nevada," PI: Saiidi, August 1987.
13. California Department of Transportation and National Science Foundation, \$374,000, "Assessment of Bridge Seismic Design and Instrumentation Requirements Using Full-scale Testing and Dynamic Analysis of the Meloland Road Overpass," PI: Douglas, CoPI: Saiidi, February 1988.
14. National Science Foundation, \$30,000, "Analysis of the Response of Reinforced Concrete Buildings during the 1987 Whittier Earthquake," PI: Maragakis, CoPI: Saiidi, February 1988.
15. National Science Foundation, \$29,948, "Non-Destructive Evaluation of Prestress Forces in an Actual Bridge," PI: Saiidi, CoPI: Douglas, November 1988.
16. Department of Energy through the University of Nevada, Las Vegas, \$53,105, "Survey and Evaluation of Nevada's Transportation Infrastructure -Task 7.2: Highway Bridges," PI: Saiidi, CoPI: Maragakis, March 1989.
17. Nevada Department of Transportation, \$51,578, "Review and Evaluation of Bridge Deck Repair Techniques," PI: Saiidi, January 1990.
18. National Science Foundation, \$60,735, "Second Workshop on Bridge Engineering Research in Progress," PI: Douglas, CoPI: Saiidi, January 1990.
19. National Science Foundation, Nevada Department of Transportation, \$78,740 [\$73,740 (NSF) and \$5,000 (NDOT)], "Evaluation of Seismic Retrofitting on the Earthquake Response of Highway Bridges," PI: Maragakis, CoPI: Saiidi, February 1990.
20. National Science Foundation, \$1,300, "Travel to Poland - Planning of Cooperative U.S.-Poland Joint Research on Bridge Evaluation," PI: Saiidi, April 1990.
21. Center for Infrastructure Studies, \$60,259, "Application of Fiber Optical Sensors in Monitoring and Evaluation of Reinforced Concrete Bridges," PI: Saiidi, CoPIs: Rawat, Sanders, Griffiths, June 1990.
22. Center for Infrastructure Studies, \$94,633, "Seismic Resistance Survey of Highway Bridges in the State of Nevada," PI: Douglas, CoPIs: Saiidi, Maragakis, Sanders, May 1990.
23. Center for Infrastructure Studies, \$19,857, "Analysis and Application of Bridge Base Isolation Systems," PI: Maragakis, CoPIs: Douglas, Saiidi, May 1990.
24. Center for Infrastructure Studies, \$66,941, "Application of Advanced Composites in Repair and Retrofitting of Reinforced Concrete Bridges," PI: Saiidi, CoPI: Gordaninejad, May 1990.
25. California Department of Transportation, \$91,328, "A Comprehensive Evaluation of the Performance of Bridge Cable Restrainers during the Loma Prieta Earthquake," Joint PIs: Saiidi/Maragakis, August 1990.
26. Center for Infrastructure Studies, \$1,820, "The Development of A Course on Introduction to Infrastructure Studies," PI: Saiidi, October 1990.

27. Nevada Department of Transportation, \$49,772, "A Study of Prestress Losses in A Box Girder Bridge in Southern Nevada," PI: Saiidi, June 1991.
28. Center for Infrastructure Studies, \$34,103, "Retrofitting Techniques for Damaged Prestressed Concrete Box Girders," PI: Saiidi, CoPI: Douglas, September 1991.
29. Center for Infrastructure Studies, \$45,540, "Survey and Evaluation of Nevada's Highway Bridges" PI: Saiidi, September 1991.
30. Center for Infrastructure Studies, \$27,070, "Combined Active and Passive Control of Structures with Smart Materials and Advanced Composites," PI: Gordaninejad, Co-PI: Saiidi, September 1991.
31. UNR International Activities Programs, \$2,200, Study Reinforced Bridge Durability in Collaboration with A Scientist from Poland and visit Poland, PI: Saiidi, December 1991.
32. Center for Infrastructure Studies, \$69,816, "Nuclear Spent Fuel Transportation; Economic Impact on Highway Bridges in Nevada," Co-PIs: Maragakis, Saiidi, and Sanders, November 1992.
33. National Science Foundation, \$244,173 (including \$38,500 matching funds from the University of Nevada), "Evaluation and Damage Repair of 23-year Old Prestressed Bridge Box Girders," PI: Saiidi, CoPI: Douglas, December 1992.
34. Nevada Department of Transportation, \$40,000, "Seismic Damage Potential Analysis of Bridges in Northern Nevada," PI: Saiidi, CoPI: Maragakis, May 1993.
35. National Center for Earthquake Engineering Research, \$156,559, "Capacity Detailing of Columns, Walls, and Piers for Ductility and Shear," PI: Saiidi, CoPIs: Sanders and Douglas, July 1993.
36. Nevada Department of Transportation, \$225,893, "Development and Testing of Seismic Retrofit Details for Bridges in Northern Nevada," PI: Saiidi, CoPIs: Sanders and Douglas, August 1993.
37. Nevada Department of Transportation, \$68,825, "A Study of Prestress Losses in Four Bridges in Northern Nevada," PI: Saiidi, November 1993.
38. National Science Foundation and the State of Nevada, \$762,418, "Bridge Engineering Cluster; EPSCoR," PIs: Douglas and Saiidi, February 1994.
39. National Science Foundation, \$25,000, "NSF Research Grantees Workshop for Earthquake Hazard Mitigation Programs," PI: Saiidi, CoPI: Maragakis, June 1994.
40. National Center for Earthquake Engineering Research, \$12,000, "United States-Eastern Europe-former Soviet Republics Workshops of 1994," PI: Saiidi, August 1994.
41. National Science Foundation, \$262,981 including \$60,000 matching funds from the University of Nevada, "An Active Damper System for Hybrid Control of Bridges under Earthquakes," PI: Gordaninejad, CoPIs: Chang, and Saiidi, September 1994.
42. Nevada Department of Transportation, \$38,184, "A Review of Flared Bridge Columns in the State of Nevada and Design Recommendations," PI: Saiidi, January 1995.

Presentations

Many of the presentations were by invitation. The invited presentations are marked by "*". In addition to those listed herein, many presentations were given at various technical committee meetings and to research committees of sponsoring organizations. Presentations by co-authors are not listed.

1. Saiidi, M., "Seismic Study of Imperial County Services Building," 2nd ASCE-EMD Structural Dynamics Specialty Conference, Atlanta, Georgia, January 1981.
2. Saiidi, M., "Research in Progress Report," Sixth Universities Council for Earthquake Engineering Research Conference, Urbana, Illinois, May 1980.
3. Saiidi, M. and K.E. Hodson, "Generalized Coordinate Approach in Nonlinear Seismic Analysis of Irregular R/C Structures," ACI Annual Convention, Atlanta, Georgia, January 1982.
4. Saiidi, M. and K.E. Hodson, "Earthquake Response of Irregular R/C Structures in the Nonlinear Range," Symposium on Advances and Trends in Structural and Solid Mechanics, Arlington, Virginia, October 1982.
5. Saiidi, M. and J.D. Hart, "Nonlinear Seismic Response of Short Reinforced Concrete Highway Bridges," Eighth World Conference on Earthquake Engineering, San Francisco, California, July 1984.
6. Saiidi, M., J.D. Hart, and B. Douglas, "Inelastic Analysis of Short Highway Bridges Subjected to Strong Ground Motions," Second International Conference on Recent Advances in Structural Dynamics, Southampton, England, April 1984.
7. Saiidi, M. and B. Douglas, "Performance of a R/C Highway Bridge Subjected to Design Earthquake Loads," Structures Congress, ASCE, San Francisco, California, October 1984.
8. Saiidi, M., "Approximate Methods for Inelastic Response Analysis of Reinforced Concrete Structures," ACI Annual Convention, Denver, Colorado, March 1985.
9. Saiidi, M., "Inelastic Analysis of Frames on a Microcomputer -Potential for Design Office Applications," International Conference on the Use of Computers in Civil Engineering, Toronto, Canada, August 1985.
10. Saiidi, M., "Inelastic Design Approaches for R/C Structures Under Lateral Loads - Approximate Methods," ASCE Structural Engineering Congress, Chicago, Illinois, September 1985.

11. Saiidi, M., D. Orié, and B. Douglas, "A Microcomputer CAD System for Seismic Design of Regular Highway Bridges," Ninth Conference on Electronic Computation, Birmingham, Alabama, February 1986.
12. *Saiidi, M. "Constructability of Reinforced Concrete Joints," ACI Annual Convention, San Francisco, California, March 1986.
13. Saiidi, M. and B. Douglas, "Response of a Ten-span Reinforced Concrete Bridge Subjected to Lateral Loading," ACI Annual Convention, San Francisco, California, March 1986.
14. *Saiidi, M., "Cast-In-Place Reinforced Concrete Connections," Second Century Skyscraper Conference, Council on Tall Buildings and Urban Habitats, Chicago, Illinois, January 1986.
15. *Saiidi, M., "Microcomputer-Aided Seismic Analysis of Highway Bridges, the ATC-6 Method," Structures Congress, ASCE, New Orleans, Louisiana, September 1986.
16. *Saiidi, M., J. Orié, and B. Douglas, "Tests on R/C Pinned Bridge Columns Subjected to Combined Shear and Flexure," Third Conference on Safety of Bridge Structures, Wroclaw, Poland, September 1987.
17. Saiidi, M., J. Orié, and B. Douglas, "The Behavior of R/C Pinned Bridge Columns Under Lateral Loading," Structures Congress, Orlando, Florida, August 1987.
18. *Saiidi, M. and P. Ferrari, "Cracking of a Tilt-Up Structure due to Dynamic Loads," Structures Congress, Orlando, Florida, August 1987.
19. *Douglas, B. and M. Saiidi, "Bridge Research at the University of Nevada, Reno," the U.S.-Japan Workshop on Performance and Strengthening of Bridge Structures, Tsukuba, Japan, May 1987.
20. Saiidi, M., T. Ho, and B. Douglas, "Prediction of the Ultimate Behavior of Retrofitted R/C Beams," ACI Convention, Seattle, Washington, November 1987.
21. *Saiidi, M., "Constructability of R/C Structures in Seismic Areas," ASCE Capital Branch Meeting, Carson City, Nevada, January 1988.
22. Saiidi, M., "Civil Engineering Education, Where Should We Be Going?" ASCE Zone 4 Management Conference, Phoenix, Arizona, February 1988.
23. *Saiidi, M., "Response of One-Way Hinged Piers Under Lateral Loads," presented at the U.S.-Japan Workshop on Highway Bridges, San Diego, California, May 1988.
24. Saiidi, M. and Y. Jiang, "Modeling the Hysteretic Response of Biaxially Bent R/C Columns by Four Springs," ASCE-EMD Specialty Conference, Blacksburg, Virginia, May 1988.
25. Saiidi, M., D. Bergman, and D. Straw, "Scaled Model Testing for Bridge Hinged Piers Subjected to Lateral Loads," presented at the NSF/ISU Bridge Research in Progress Symposium, Des Moines, Iowa, September 1988.
26. Saiidi, M. and J. Shields, "Direct Field Measurement of Prestress Losses in Box Girder Bridges," ACI Annual Convention, Atlanta, Georgia, February 1989.

445. *Saiidi, M., E. Jordan, “Feasibility of Superelastic Large Diameter Copper-Aluminum-Manganese SMA Bars in Bridge Columns,” Plenary Lecture, 5th Conference on Smart Monitoring, Assessment and Rehabilitation of Civil Structures, Potsdam, Germany, August 2019.
446. *Saiidi, M., J. Bingle, B. Khaleghi, and T. Moore, “SR-99 Northbound Offramp Resilient Bridge- Breaking New Ground with Shape Memory Alloy and Engineered Cementitious Composite,” Session: Greatest Show on Earth, Outstanding Civil Engineering Achievement Award Candidates, American Society of Civil Engineers Convention, Miami, Florida, October 2019.

Summary of Mentorship

Post-doctoral fellows and research associates:	22 total
PhD Students	35 total (28 as main adviser; 7 as co-adviser)
MS Students with Thesis:	61 total (46 as main adviser; 15 as co-adviser)
Undergraduate Researchers	48

Total no. of mentees: 156

Number of Presentations 446

Publications:

Edited books:	6
Journal and other fully peer-reviewed publications:	163
Research reports:	141
Conference articles:	232

Total no. of publications: 542
